Macedonia Web Visit Card – README

Project Overview

Small personal website consisting of three linked pages:

1. Home Page (index.html)
   Contains a 3D rotating image carousel showing pictures of Macedonia and a digital business card.

2. Quiz Page (quiz.html)
   A simple JavaScript-based quiz about Macedonia.

3. Contact Page (contact.html)
   Contains a contact form with fields for name, email, and message.

The purpose of the project is to demonstrate HTML, CSS, JavaScript, folder structure, linking pages, and using external files.

HTML – structure of the pages

CSS – styling, layout, 3D transformations

JavaScript – quiz logic, carousel rotation, form handling
